Nestled in the heart of Cancun's famous hotel zone is the beautiful resort known as Baccara. Two doors down from the Governor's mansion and a world away from everything else, the Avalon Baccara Cancun is intimate, exclusive and totally private. Beautiful, hip and designed to resemble a Mexican mansion, the difference between Baccara and other hotels lies in its size and its details. It is the ideal tropical setting to enjoy relaxation, romance and the magic of Mexico's Yucatan Peninsula, free from crowds and commotion, yet easily within reach of it all.
